

**Request for Contractor Statement of Qualifications
For
Regional Integrated Loop System
Phase 2 Interconnect Project**

The Peace River Manasota Regional Water Supply Authority (Authority) is pre-qualifying construction contractors wishing to bid on the Authority's Regional Integrated Loop System – Phase 2 Interconnect Project. **Any contractor intending to submit a bid on this project must be pre-qualified.** The project will include, but not be limited to, installation of approximately seven (7) miles of 42-inch diameter potable water transmission main, including construction of the new Price Boulevard Meter Station in the City of North Port. The project also includes interconnections with an existing PCCP transmission main.

An Information Package containing project details and pre-qualification requirements is available by contacting Linda Stewart at:

Peace River Manasota Regional Water Supply Authority
6311 Atrium Drive, Suite 100
Bradenton, Florida 34202
Telephone: 941/316-1776
Email: lstewart@regionalwater.org

Contractors submitting SOQ packages for consideration must submit five (5) copies of an SOQ in accordance with the requirements contained in the Information Package to the attention of Patrick Lehman, Executive Director, at the address above no later than 4:00 p.m. local time, November 17, 2010. Contractors are solely responsible for the timely delivery of their SOQ. SOQs will not be accepted after the specified time and date and will be returned unopened.

Dated this 14th day of October 2010

Patrick J. Lehman, Executive Director
Peace River Manasota Regional Water Supply Authority
