

**Request for Contractor Statement of Qualifications
For
Regional Integrated Loop System – Phase 1A Interconnect Project**

The Peace River Manasota Regional Water Supply Authority (Authority) is pre-qualifying construction contractors to bid on the Authority's Regional Integrated Loop System – Phase 1A Interconnect Project. **Any contractor intending to submit a bid on this project must be pre-qualified.** The project includes installation of approximately eight (8) miles of 24-inch diameter potable water transmission main, including a subaqueous river crossing, a six (6) million gallon per day pumping station, and ground storage in Charlotte County, Florida.

An Information Package containing project details and pre-qualification requirements is available by contacting Linda Stewart at:

Peace River Manasota Regional Water Supply Authority
6311 Atrium Drive, Suite 100
Bradenton, Florida 34202
Telephone: 941-316-1776
Email: lstewart@regionalwater.org

Contractors submitting SOQ packages for consideration must submit five (5) copies of an SOQ in accordance with the requirements contained in the Information Package to the attention of Patrick Lehman, Executive Director, at the address above no later than 2:00 p.m. local time, Thursday, September 17, 2009. Contractors are solely responsible for the timely delivery of their SOQ's. SOQ's will not be accepted after the specified time and date, and will be returned unopened.
